AREA OF IMPACT (AOI)

AOI established by debris field, blood splatter, and witness testimony to have occurred in the outside lane of northbound Oliver, within the southern crosswalk for the 2nd and Oliver intersection.

DRIVER ERMA PEARCE STATEMENT

Erma stated she was driving north on Oliver and had a green light, ended up hitting a lady and dog that walked into the street at the 2nd and Oliver crosswalk. Erma never saw the lady crossing until it was already too late.

WITNESS JESSE BRADLEY STATEMENT (PHONE: 316-644-0579, ADDRESS: 2638 N RIDGEWOOD)

Jesse stated he was driving north on Oliver in the inside lane, there was a tan Chevy Suburban driving a little ways in front of him in the outside lane. The light for the 2nd St intersection had been green, but then changed to yellow and then red, all while the Suburban did not appear to be slowing down. Even while the light was yellow Jesse felt like the Chevy Suburban was going to end up running the red light if it did not slow down. After the light was red Jesse saw the Suburban run the light, then immediately swerve partially into the inside lane of northbound Oliver. That's when Jesse saw a body of both a person and a dog rolling forward in the street that had just been hit by the Suburban. The person was an older lady that came to rest in the crosswalk on the opposite end of the intersection, and the dog ended up further past the person. Both were bleeding severely and not moving. The lady driving the Suburban came to a stop north of the intersection and it was an elderly lady driving the vehicle.

INJURIES

D1 Erma Pearce reported having no injuries.

P2 Elaine Edens was found unconscious with major trauma to the back of the head, forehead, both wrists, and both ankle areas. Citizens were performing CPR on Elaine when first responders arrived on scene. Medic 25 triaged Elaine as Code Blue unconscious and unresponsive at 1203 hrs and Medic 3 then triaged Code Black deceased at 1209 hrs.

DAMAGES

V1 Chevy Suburban had damage to the front passenger corner section of the vehicle, including a busted headlight, dents to that area of the hood, and blood splatter along the front passenger corner, front grill, and front driver's corner areas. It is believed the front driver corner blood was from Elaine's dog while Elaine herself made contact with the front passenger corner of the vehicle, causing the dents and busted headlight.

Personal effects belonging to P2 Elaine Edens were found in the middle of the intersection, including a pair of eyeglasses that had both of the lens popped out of the frames of the glasses.

ROAD CONDITIONS

Weather was sunny, asphalt road surface dry. Traffic signals including the pedestrian crosswalks were operating correctly. The crosswalk for 2nd and Oliver does not cycle automatically but instead requires a button to be pushed first. Lanes lines including stripes outlining the crosswalk areas were plainly visible and in good working order. This portion of Oliver is considered a school zone as there is Robinson Middle School located on the northeast corner of the intersection, and Hyde Elementary School located just to the south near the 1st St intersection.

OTHER INFORMATION

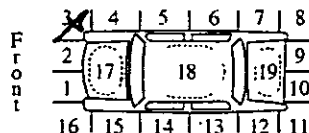

Surveillance video was checked by Board of Education (BOE) Security for Wichita Public Schools, as there were cameras along the building for Robinson Middle School. Upon BOE review, no video of the collision itself was recorded from any of these cameras.

Any charges related to this fatal crash at the time of this report were pending the review of the Wichita Police Accident Follow-Up (AFU) detectives.
